

AREEKUL Vutipong	Department of Electrical Engineering/KSIP Lab, Kasetsart University
ARIYAPREECHAKUL Patraporn	Department of Computer Engineering, Chulalongkorn University
CAI Zemin	Guangdong Province Key Laboratory of Information Security, Sun Yat-Sen University
CHAN Ngai	Department of Computer Science, Hong Kong Baptist University
CHEN Wen Sheng	College of Mathematics and Computing Science, Shenzhen University
CHENG Dennis	MSc ITM, Hong Kong Baptist University
CHOI Wing Pong	Department of EIE, The Hong Kong Polytechnic University
COVAVISARUCH Nongluk	Department of Computer Engineering, Chulalongkorn University
CUI Limin	Department of Computer Science, Hong Kong Baptist University
FANG Bin	College of Computer Science, Chongqing University
FENG Yicheng	Department of Computer Science, Hong Kong Baptist University
GAN Junying	School of Information, Wuyi University
GUO Zhenhua	Department of Computing / Biometric Research Center, The Hong Kong Polytechnic University
HE Guohui	School of Information, Wuyi University
JUN Jiang	Department of Computer Science, City University of Hong Kong
KAN Wing Cheung	Department of Computer Science, Hong Kong Baptist University
KANHANGAD Vivek	Biometric Research Center, Department of Computing, Hong Kong Polytechnic University
KONG Wanzeng	Department of Electrical Engineering, Zhejiang University
KOO Hei Sheung	EIE/DSP Research Centre, The Hong Kong Polytechnic University
KUMAR Ajay	Indian Institute of Technology, Delhi
LAI Jianhuang	School of Math and Computing Science, Sun Yat-Sen University
LI Qin	Department of Computing, The Hong Kong Polytechnic University
LI Yongping	Shanghai Institute of Applied Physics, Chinese Academy of Sciences
LIU Chang	Department of Computer Science, Hong Kong Baptist University
LU Chunyuan	School of Mathematics & Computational Science, Sun Yet-sen University
Luo Zhihong	School of Mathematics & Computational Science, Sun Yet-sen University
QIU Guoping	School of Computer Science, University of Nottingham
QIU Huining	School of Math & Computing Science, Sun Yat-Sen University
RAVIKANTH Chavvakula	Biometrics Research Laboratory, Indian Institute of Technology, Delhi
SHEN Dylan	College of Information Engineering, Shenzhen University
SHEN Fei	Center for Biomimetic Sensing and Control Research, Institute of Intelligence Machines, Chinese Academy of Sciences
SUN Caitang	College of Computer Science and Technology, Jilin University
SUN Chen Sheng	Department of Electronic Information Engineering, The Hong Kong Polytechnic University
SUN Zhaocai	PolyU-HITSZ Joint Biometrics Lab, Harbin Institute Technology
TAN Taizhe	Faculty of Computer, Guangdong University of Technology
THAINIMIT Somying	Kasetsart Signal and Image Processing Laboratory, Kasetsart University
Tse Siu Hong	Department of Electronic and Information Engineering, The Hong Kong Polytechnic University
WEI Zhuoshi	Center for Biometrics and Security Research, Chinese Academy of Sciences
WONG Kwok Wai	Department of EIE, The Hong Kong Polytechnic University
WU Zhili	Computer Science Department, Hong Kong Baptist University
YANG Guan	School of Mathematics & Computational Science, Sun Yet-sen University
YANG Lihua	School of Mathematics & Computing Science, Sun Yet-sen University
YANG Zhihua	Information Science School, Guangdong University of Business Studies
YE Xueyi	Lab of Pattern Recognition and Information Security, Hangzhou Dianzi University
YOU Jane	Department of Computing, The Hong Kong Polytechnic University
YOU Xinge	Faculty of Mathematics and Computer Science, Hubei University
YU Shiqi	National Laboratory of Pattern Recognition, Institute of Automation, Chinese Academy of
YU Xiaoyi	Department of Electrical, Electronic and Information Engineering, Osaka University
YU Zhiwen	Department of Computer Science, City University of Hong Kong
ZHANG Yinwei	Faculty of Computer, Guangdong University of Technology
ZHANG Dan	Faculty of Mathematics and Computer Science, Hubei University
ZHANG Junping	Department of Computer Science and Engineering, Fudan University
ZHANG Sicong	Department of Electronic Engineering, Beijing University of Technology
ZHAO Qijun	Computing / Biometric Research Center, The Hong Kong Polytechnic University
ZHONG Bineng	Visual Intelligence Lab, Computer Science Department, Harbin Institute of Technology
ZHOU Lingli	School of Mathematics & Computational Science, Sun Yat-Sen University
ZHU Lei	College of Electrical Engineering, Zhejiang University
